

ШТЕТНИ ОРГАНИЗМИ ПОД ПОСЕБНИМ НАДЗОРОМ

1. *Clavibacter michiganensis* ssp. *sepedonicus*
2. *Ralstonia solanacearum*
3. *Erwinia chrysanthemi* (*Dickeya* spp.)
4. *Candidatus Liberibacter solanacearum*
5. *Globodera pallida*
6. *Globodera rostochiensis*
7. *Meloidogyne chitwoodi*
8. *Meloidogyne falax*
9. *Synchytrium endobioticum*
10. *Candidatus phytoplasma solani* (*Stolbur phytoplasma*)
11. *Epitrix cucumeris*
12. *Epitrix similaris*
13. *Epitrix subcrinita*
14. *Epitrix tuberis*
15. *Tomato spotted wilt virus*
16. *Potato spindle tuber viroid*
17. *Erwinia amylovora*
18. Apple proliferation phytoplasma (*Phytoplasma mali*)
19. Pear decline phytoplasma (*Candidatus phytoplasma pyri*)
20. *Pseudomonas syringae* pv. *persicae*
21. *Xanthomonas arboricola* pv. *pruni*
22. *Plum pox virus*
23. European stone fruit yellows (*Candidatus phytoplasma prunorum*)
24. *Monilinia fructicola*
25. *Candidatus phytoplasma vitis* (*Flavescence doree*)
26. *Xylophilus ampelinus*
27. *Agrobacterium vitis*
28. *Grapevine Roditis leaf discoloration-associated virus*
29. *Phytophthora fragariae* var. *rubi*
30. *Agrobacterium* spp.
31. *Blueberry leaf mottle virus* (BLMoV)
32. *Blueberry scorch virus* (BIScV)
33. *Pepino mosaic virus* (PepMV)
34. *Tomato brown rugose fruit virus* (ToBRFV)
35. *Tomato yellow leaf curl virus*
36. *Tomato chlorosis virus* (ToCV)
37. *Tomato infectious chlorosis virus* (TICV)
38. *Acidovorax citrulli*
39. *Xylella fastidiosa*
40. *Tetranychus evansi*
41. *Maize dwarf mosaic virus*
42. *Phytophthora ramorum*
43. *Phytophthora kernoviae*
44. *Phytophthora lateralis*
45. *Sirococcus tsugae*
46. *Impatiens necrotic spot virus*
47. Вироиди рода *Pospiviroid*
48. *Fusarium* (*Gibberella*) *circinata*

49. *Bursaphelenchus xylophilus*
50. *Dryocosmus kuriphilus*
51. *Anoplophora chinensis* (*A. malasiaca*)
52. *Anoplophora glabripennis*
53. *Agrilus planipennis*
54. *Scaphoideus titanus*
55. *Ceratitis capitata*
56. *Frankliniella occidentalis*
57. *Bemisia tabaci*
58. *Halyomorpha halys*
59. *Trogoderma granarium*
60. *Monochamus* sp.
